

# INTERVIEW QUESTIONS

## *Medicine, Miracles and Manifestations:*

A DOCTOR'S JOURNEY THROUGH THE WORLDS OF DIVINE INTERVENTION, NEAR-DEATH EXPERIENCES AND UNIVERSAL ENERGY  
by Dr. John L. Turner

- ❖ What stimulated you to write *Medicine, Miracles and Manifestations*? Was there a cardinal event that led you to search for the meaning of life, death and life-after-death?
- ❖ You begin *Medicine, Miracles and Manifestations* with a case in which you could not control the bleeding. Could you explain what allowed you to save this patient from what appeared to be a certain death? Was it simply prayer?
- ❖ You mention psychics in your book, from Edgar Cayce to Sylvia Brown. Tell us about them.
- ❖ You make mention of the spiritual world. How did you come to know Mokichi Okada and Johrei, *The Medical Art of Japan*?
- ❖ Do you have experience with other forms of energy treatments or alternative/complimentary medical treatments and if so, could you explain how this works?
- ❖ In your book you mention Robert Bruce and his *Astral Dynamics* and his *New Energy Ways*. Could you tell us about Mr. Bruce and consciousness and the seat of the soul?
- ❖ Tell us why you made the shift from physics to neurosurgery and then to metaphysics?
- ❖ How did you discover remote viewing?

- ❖ Could you discuss some of the remote viewing sessions that you have been involved with? How credible is the ability to remote view past, present and future?
- ❖ You cite a medical case in which remote viewing was used. Could you describe the case for us and how remote viewing played a part in diagnosis and treatment?
- ❖ You also discuss a most interesting case in a lady who saw an angelic apparition on the day of her death. What is your feeling about angelic apparitions in general and in particular, could you review your patient's case for us?
- ❖ Of all the medical cases discussed, which one stands out as the most dramatic for you and could you discuss it?
- ❖ Tell me about your childhood and life before college Dr. Turner. What inspired you to go into the field of Engineering Physics?
- ❖ What is the difference between a neurologist and a neurosurgeon?
- ❖ What is the most exciting work you are doing now?
