

INTERVIEW QUESTIONS

The Choice

Written by Mike Bara

- ▶ What would you say is the central premise of “The Choice?” What is it all about?
- ▶ The tag line for “The Choice” is “You know the Secret, now make The Choice.” What exactly does that mean?
- ▶ You say there is substantial scientific proof of what you call “The God Force” all around us. What is that proof?
- ▶ In the book you come out and strongly advocate something called the Exploded Planet Hypothesis. Can you explain that?
- ▶ What proof is there that a planet has ever exploded in our solar system? You say you don’t believe in the laws of physics. Can you briefly explain why?
- ▶ You come down on mainstream physicists pretty hard for ignoring data that you say supports your theory that there are higher dimensions. What proof is there to support the idea of hyper-dimensional physics?
- ▶ You say that there is proof that astrology is real in The Choice. How can you prove that?
- ▶ You talk about time being circular like a wheel instead of a straight line like we view it in modern times, but you also say that time is a physical, forward movement. How do those two ideas fit together?
- ▶ Did the Mayans predict the world would end in 2012?
- ▶ Did other ancient cultures also view this period in history as important?

- ▶ Do you think that the oft cited alignment of the solar system with the center of the galaxy in 2012 will have an effect on us here on Earth?
- ▶ You say these alignments will affect our consciousness. Can you describe how?
- ▶ How do our individual choices affect what happens to the planet?
- ▶ Where will you be on December 21st, 2012 when the Mayan calendar ends?
