History is Wrong!

Written by Erich von Däniken

Edited by Giorgio A. Tsoukalos

- Why is the book titled *History is Wrong*?
- The book says history is nothing like the way religions claim it is. Can you tell us why?
- Tell us how *History is Wrong* relates to the prior world wide best seller, *Chariots of the Gods*.
- You have long been a proponent of the view that extraterrestrials have visited Earth during its history. How is this theory strengthened in the book?
- What is the most startling piece of new evidence revealing in *History is Wrong*?
- Tell us what happened over 35 years ago in Ecuador with the Metal Library and Juan Moricz?
- Tell us about the Book of Enoch.
- How does the Book of Enoch relate to the Mormons?
- What is the latest discovery about the Voynich manuscript? Why is it so important?

- What are some of the most compelling pieces of evidence you have in the Ancient Astronaut Theory?
- What is the A.A.S. R.A. (Archaeology, Astronautics & SETI Research Association)?
- Tell us about Legendary Times Magazine, the official research journal of the A.A.S. R.A.
- Why is your research organization different from the other research societies investigating ancient mysteries?
- The logo of your research society is a little gold object that looks very similar to a modern space shuttle! Tell us more about that.
- Do the Holy Scriptures refer to alien visitors?
- Why do you think that the ancient astronaut topic is currently so popular?
- What do you think mainstream archaeology could learn from researchers like you in the alternative history field, and why do you think they're currently doing everything in their power to destroy this type of research?
- Do you agree with the mainstream's view that our current civilization is the culmination of technological achievement?
- What is the function of the mainstream media in all of this? What interest do they have to suppress and oftentimes ridicule this type of research?

- ▶ Are there more significant discoveries that will be made regarding/in terms of ancient technology and knowledge any time soon? And if so, what do you think they are?
- ▶ Do you think the general population is being prepared for some big announcement? And if so, what do you think this big announcement will be?
- ▶ Please tell our listeners about your next project, or what are you currently working on?
