

SUMMARY

PLEIADIAN INITIATIONS OF LIGHT

After a distressingly abusive childhood, Christine Day is diagnosed with Systemic Lupus and told she has only seven weeks to live. Armed with this dire information, she begins her journey into self-healing and her voyage into an astounding spiritual awakening.

She shares her first conscious connection to the Pleiadians, her Pleiadian self and details of her mission in this lifetime to be an active channel for them. Through this connection with the Pleiadians Christine survived and healed, celebrating an accelerated state of awakening of her spiritual self. Through this awakening, she has dedicated her life to supporting others as, they too, initiate into their own spiritual awakenings.

Christine used the tools chronicled in this book to bring her self back from death and into life, on both emotional and physical levels.

The energies of 'The Self Healing Prophecy' are also within the Pleiadian initiations. This Prophecy is here to assist the human race to have an accelerated awakening in readiness for the 4th/5th dimensional changes taking place here on our earth plane. This is the first book available that holds these frequencies of initiation, and makes it possible for the reader to awaken through these energies.

Christine Day has a unique relationship with the Pleiadians, which has made it possible for these self-healing energies to be fully available on the CD's that accompany the book.

These CD's enable the reader to experience deeper aspects of their own light, therefore creating healing and providing room for an awakening within themselves. This series of guided meditations ease the reader into an open state of rest, relaxation and rejuvenation, while holding a very high frequency of love, supporting the reader in making changes on an energetic level for self-healing. The reader will begin to experience a new sense of themselves, and a new sense of the world around them.

Each of the twelve Pleiadian chapters in this book deals with an aspect of self-healing and initiation. Each chapter has a corresponding track on the CD designed to bring the reader further into the next level of their healing. Chapter by chapter, as the reader opens more and more to the process, the tracks build in energy and intensity.

Depending on the reader's personal journey, the CD's provide varying and unlimited experiences; changing as the readers progress on their own spiritual path.

The journey on each track is never the same, so there is an unfolding potential every time a track is listened to by the reader.

The Pleiadians have said that they are committed to supporting each reader who works with this book. Some of the tracks are designed specifically to deepen your relationship with the Pleiadians.
