Waves of Galactic Energy are Changing Our World: Renowned Astrologer/Psychic Reveals the New Homosentient

San Francisco, CA (May 22, 2012) -- By a popular psychic, astrologer and bestselling author, *The Book of Transformation: Open Yourself to Psychic Evolution, the Rebirth of the World, and the Empowering Shift Pioneered by the Indigos* comes at a time when people are taking refuge in authenticity and higher consciousness to counterbalance the difficulties and stresses of the worsening economy.

In fascinating, extraordinarily detailed chapters, author Lisa Barretta teaches that, as earth passes upwards from below to above the central plane of the Milky Way galaxy sometime in 2012, a new portal into spiritual development is opening. Humanity is undergoing a transformation from lower mundane values to higher spiritual ones.

The Book of Transformation is designed to help us prepare for, grow and thrive during the powerful vibrational occurrence that is changing everything we know. Through a dynamic DNA activation, humans are evolving into lighter, more sentient psychic beings--as homosentients--in a new state of evolution for which we were originally designed. She leads us to discover and use our natural abilities to transcend the limits of the time-space paradigm, as she guides us through the phases of a profound awakening.

The author: *"Planet earth is pulling in a new frequency because of her vantage point in the Milky Way galaxy, and this shift is reflected in the evolution of human consciousness. This book explains how the new energy shift forces us out of our comfort zones, makes us cognizant of what type of relationships are of the right vibration, and shows that the sensitive, intuitive side of our nature will become more apparent in this new way of living. . ."*

Among the life-changing lessons in *The Book of Transformation*:

- Discover how to successfully "hack into" the nonverbal universal language of synchronicities and number patterns
- See how the Indigo, Crystal, and Rainbow Children are the precursors to our evolutionary upgrade
- Learn the symptoms of shifting into a higher frequency
- Understand how the chakra centers affect the extrasensory psychic system
- Recognize that birthmarks are signs of past-life traumas
- Learn how to prepare yourself to welcome visitors from other star systems
- Find out what organs of the body wake you up at night as they adjust to new waves of frequency
- Learn how to recognize energy imbalances that are the "new flu"
