Evidence of the Gods

By Erich Von Däniken

A Visual Tour of Alien Influences in the Ancient World

Erich Van Däniken, one of the best-selling authors of all time and regarded by many as the father of the ancient alien theory, continue his mission to uncover Earth's ancient past--this time with more than 150 extraordinary full-color photographs--in *Evidence of the Gods*.

This extensively illustrated book features never-before seen photographs from his unique archive, compiled through decades of searching around the world for traces of the cosmic gods whom he believes came to Earth thousands of years ago. *Evidence of the Gods* offers the best and most impressive evidence to date, along with concise explanations from the images, to bolster the case that von Däniken has already been making quite convincingly for years.

Evidence of the Gods is his most convincing--and thoroughly entertaining work yet.

Did extraterrestrial visitors really leave their unmistakable traces on our planet thousands of years ago?

The images will speak for themselves.
