

ADVANCE PRAISE FOR *FINANCIAL SORCERY*

"As the owner of a metaphysical shop, I cannot tell you how many times customers come to me with questions about improving their finances. *Financial Sorcery* has just made my life easier as I can now point them to a book that has solid information about mundane and magickal techniques that work. Jason Miller has collected wisdom from many sources, added his own spice, and come up with a pie you can sink your teeth into rather than the pie in the sky of other writings on money and magick. This book is real gold, not fool's gold and I intend to make use of this treasure."

- **Ivo Dominguez Jr.**, Author of *Casting Sacred Space* and *Spirit Speak*

"'Get rich quick' spell books are easy enough to find. Books which provide useful magical and mundane advice for improving your financial condition are far less common and far, far more valuable when you find them. Jason Miller's *Financial Sorcery* is one of those books. If you read this book and follow Jason's advice, you will see real-time real-world improvements in your financial condition and develop a new and healthier relationship with money. And I'm not just a reviewer, I'm a satisfied customer! *Financial Sorcery* provided me with many new strategies and ideas for improving my writing career. If you could use more money (and who can't?)- you owe it to yourself to buy, read and use *Financial Sorcery*."

- **Kenaz Filan**, author, *The Haitian Vodou Handbook*, *Vodou Money Magic*, *The New Orleans Voodoo Handbook*

"Jason Miller's *Financial Sorcery* is a tour de-force of successful magical and life strategies to catapult the reader into a new and wealthy world. Although this book has more than enough spellwork ideas for the practitioner to achieve results, the real strength of the book is in teaching magical practitioners how to think about his or her relationship with magic, money, finances and wealth in a way that grounds the magic into actionable steps. Although it would be impossible for any book to cover all the details, *Financial Sorcery* provides a rare glimpse into how to think about the process and movement toward wealth, an insight that is largely missing from most books on money or financial magic. I only wish I had written this book first!"

-**Andreih Vitimus**, Author of *Hands on Chaos Magic*, Host of *Deeper down the Rabbit Hole*, metaphysical radio show
