

# GHOSTS, SPIRITS & HAUNTINGS

---

By Larry Flaxman & Marie D. Jones

## BOOK SUMMARY

### *“Not Quite Dead: When a Ghost Is Not Really a Ghost”*

**Flaxman** and **Jones**, longtime researchers and paranormal investigators, examine the tried and true explanations for ghosts, and offer some cutting edge counter-theories that might explain what these elusive entities are. Are they visitors from another dimension, a parallel universe, our own subconscious? And how has the recent “ghost hunting” trend failed to answer those questions? Flaxman and Jones look at all the ways ghosts may be more than we ever imagined, and how they may not even be the spirits of the dead at all.

# ABOUT THE AUTHOR

---

## Larry Flaxman

LARRY FLAXMAN is the best-selling author of *11:11-The Time Prompt Phenomenon: The Meaning Behind Mysterious Signs, Sequences and Synchronicities* and *The Resonance Key: Exploring the Links Between Vibration, Consciousness and the Zero Point Grid*. His latest works are chapters in the books *UFOs & Aliens* and *Ghosts, Spirits & Hauntings*. He also has a screenplay in development and is a regular contributor to TAPS ParaMagazine, New Dawn, and other paranormal publications.

Larry is the President and Senior Researcher of ARPAST, the Arkansas Paranormal and Anomalous Studies Team, which he founded in February of 2007. Under his leadership, ARPAST has become one of the nation's largest and most active paranormal research organizations, with over 150 members worldwide dedicated to conducting research into the paranormal using the most stringent scientific methodology. ARPAST is also now a proud member of the TAPS family (The Atlantic Paranormal Society). Larry supervises a staff of fully trained researchers and over \$250,000 worth of top-of-the-line equipment. Larry also serves as technical advisor to several paranormal research groups throughout the country.

Larry has appeared in numerous print interviews, including newspapers, magazines and online publications and has appeared on television, most recently on Discovery Channel's "Ghost Lab," and on JustIn TV's "In Search of the Paranormal." He has been interviewed on hundreds of radio programs, including "Coast to Coast AM," "X-Zone," "Ghostly Talk," "Eerie Radio," "Crossroads Paranormal," "Binall of America," "The Jeff Rense Show," and "Haunted Voices."

In addition, Larry is co-creator of the popular new ParaTracker software program for documenting data from paranormal investigations. He is a highly requested speaker at major paranormal conferences educational seminars across the country, and is partners with Marie D. Jones in ParaExplorers. He lives in Little Rock, Arkansas.

# INTERVIEW QUESTIONS

## *Ghosts, Spirits & Hauntings*

By Larry Flaxman & Marie D. Jones

- 1) What is the typical explanation for a ghost?
- 2) Has the recent obsession with ghost hunting helped or hurt the paranormal field?
- 3) How might ghosts be inter-dimensional entities and not of "this world?"
- 4) What do parallel universes have to do with ghosts?
- 5) Could ghosts and entities be a construct of the human mind?
- 6) Is there evidence that the presence of particular elements in our environment are involved in paranormal phenomena?
- 7) What role does EMF play, if any, in the experience of paranormal phenomena?
- 8) Can you make a ghost appear, and has this ever been done before?
- 9) What characteristics of ghostly activity suggest these may not be the essences or spirits of the dead?
- 10) In your experiences, are there really places that can be considered haunted, and what do we, the observers, have to do with that?
- 11) Is it possible ghosts really are just dead people's spirits that refuse to "cross over?"
- 12) Do you believe there will ever be a scientific explanation for ghosts?
- 13) Have either of you ever seen a ghost yourself?
