NEW EVIDENCE OF GHOSTS & APPARITIONS

From the World's Top Experts on the Paranormal

"Behind every man now alive stand thirty ghosts, for that is the ratio by which the dead outnumber the living." Arthur C. Clarke, author *2001: A Space Odyssey*

San Francisco, CA (August 15, 2011) — What are ghosts, spirits and other apparitions? Why do they visit and what do they want from us?

The fabulous and fun-to-read new book, *Exposed, Uncovered, and Declassified: Ghosts, Spirits, & Hauntings*, tackles these questions and more, as some of the world's best-known paranormal experts come together in a tour-de-force of investigative journalism. A sampling:

- **Loyd Auerbach** tells us what every ghost hunter should know about parapsychology
- **Nick Redfern** examines ancient animal ghost apparitions
- **Joshua P. Warren** comes up with startling photographic evidence of ghosts
- **Andrew Nichols** discusses haunted houses, ESP and psychological projection
- **Raymond Buckland** explains how to talk to ghosts . . . and get a response
- **Dr. Bob Curran** delves into the connection between poltergeists and human origins, regaling us with stories of poltergeist activity
- **Ursula Bielski** gives a spooky account of the "Vanishing Hitchhiker"

— more —

Ghosts have been an integral part of the folklore of almost every culture, and evidence for their existence is mounting—in fact, it’s everywhere, if you know where to look.

Whether you’re a believer, a skeptic, or somewhere in between, *Exposed, Uncovered, and Declassified: Ghosts, Spirits, & Hauntings* is sure to entertain and educate.

About the Editors:

As a long-time acquisitions editor for New Page Books, **Michael Pye** developed a healthy appetite for the unexplained by watching too many episodes of “In Search Of”, hosted by Leonard Nimoy, after school instead of doing his homework. Pye earned a BA in English from Southern Connecticut State University.

Kirsten Dalley has functioned in various editorial capacities at New Page Books. She is co-author of *The Nightmare Encyclopedia*, along with Jeff Belanger. She graduated from Columbia University with a BA in comparative literature.

Pye and Dalley are the co-editors of the bestseller, *Exposed, Uncovered, and Declassified: UFOs & Aliens, Is There Anybody Out There?*
