Ghostly legends abound wherever history had made its mark. Battlefields, prisons, asylums, national monuments – all of them have stories to tell. Their ghosts still lurk, demanding that we remember the past. They're real and they're out there!

Did you know that **President Lincoln** has been walking the halls of the White House for more than a century, that the **Queen Mary** may just be the most storied and haunted ship on the planet, the **catacombs of Paris** contain the skeletal remains of six million bodies and many of their ghosts or that the **Tower of London** is haunted by noblemen and commoners, some still searching for the heads they lost more than 500 years ago?

This book is a global tour of haunted hot spots, history, and the paranormal. Full of first-hand eyewitness accounts, investigations, and evidence from the Other Side, this book offers readers insight into the nature of ghosts and it may just help them plan their next haunted vacation.
