

INTERVIEW QUESTIONS

Keep Out!

By Nick Redfern

- What is Keep Out! about?
- What prompted you to write the book?
- What is the truth about Area 51? Is it really home to crashed and recovered UFOs?
- Can you tell us about secret government activity deep within the depths of the London Underground rail-tunnels?
- What have you found out about the alleged underground alien base at Dulce, New Mexico?
- Australia has one of the most secretive of all classified installations – Pine Gap. What goes on there?
- What is the link between the United States' Fort Detrick, the post-9/11 Anthrax attacks, and the War on Terror?
- Are government installations really secretly researching technology to change and modify the weather, and utilize the weather as a weapon of war, such as inducing earthquakes and hurricanes?
- Will you explain the links between official secrecy and off-limits areas within the Vatican?
- Britain's Porton Down is at the forefront of research into biological and chemical warfare, and exotic viruses. What is the link between the base and crashed UFOs and alien autopsies?
- What is the story of the Russian Area 51? Is it real?
- Will you reveal the story of the alleged secret base on the far side of the Moon?

- How does the 2012 controversy tie-in with secret, government installations?
- Can you explain what you uncovered about the so-called Montauk project?
- In your book, you talk about a number of secret installations on Puerto Rico linked with the Chupacabra and UFOs. Can you tell us more?
- What is your view on the theory that there are huge caverns and caves deep below the surface of the Earth, in which highly advanced beings exist?
- Do you believe that governments are intent on building more and more secret installations to prevent the public and the media from knowing what they are doing?
- You discuss in the book suspicious deaths of scientists in the field of microbiology who had links to secret sites? What did you find out about this?
- What do you hope that the publication of the book will achieve?
