

INTERVIEW QUESTIONS

Lost Worlds of Ancient America

By Frank Joseph

- Who first settled in America?
- Why would anyone want to question what has always been taught in school about America's past?
- What difference does it make whether or not Christopher Columbus was the first to discover America?
- Why would anyone from the ancient Old World bother traveling all the way to America?
- Where is the evidence for the arrival on our continent of transatlantic visitors prior to 1492?
- If people have been coming to America for thousands of years, why haven't we heard anything about them until now?
- Why do most professional archaeologists oppose your proposition that America was visited by overseas' travelers before Columbus?
- What proof do you have that ancient Americans harnessed electricity and mastered human flight?
- Why do you believe that a stone tower in Rhode Island was built 600 years ago by the Knights Templar?
- What are the stone spheres of Costa Rica?
