A Revolutionary, Science-based Approach to Intuition from "The Skeptical Psychic"

"Psychic Intuition is a real find. She clearly makes it obvious that the phenomena and the ability to function with intuitive skills are rampant throughout our culture . . . a truly worthwhile read."

— The Amazing Kreskin

San Francisco, CA (January 1, 2012) -- Known to her clients and fans as "The Skeptical Psychic," Nancy du Tertre is a psychic and a paranormal detective whose new book, *Psychic Intuition: Everything You Ever Wanted to Ask But Were Afraid to Know* describes a personal journey that led to a profound, groundbreaking perspective on intuition. The book answers such questions as:

- *Is there really a "sixth sense"?*
- *Is psychic ability a natural-born gift or a trainable skill?*
- *Can psychic ability be explained in scientific terms?*
- *If so, why do scientists refuse to investigate psychic ability?*
- *Why are women more intuitive than men?*
- *Are psychics delusional?*
- *How can the average person develop psychic abilities?*

During her successful career as an attorney, the author underwent many years of intensive study and training as a psychic. Based on her own experience and on the latest research in neuroscience, psychology and linguistics, she learned that psychic ability is a natural, trainable skill.

Awarded the Silver Nautilus Book Award for 2011 in the category of New Science/Cosmology, and the 2011 Pinnacle Award for Best Non-fiction, *Psychic Intuition* will be in a new edition, to be released by New Page Books in August, 2012.

The book bridges the gap between skeptics, who can analyze yet do not experience psychic phenomena, and believers, who have had the experiences yet lack the ability to analyze. With an attorney's mind and a psychic's sensibilities, in *Psychic Intuition*, du Tertre explains the seemingly irrational concept of intuition in rational and comprehensive terms.

-- more --

The author teaches monthly workshops on psychic development in the New York City area, and frequently lectures to university psychology students and paranormal conventions. The online magazine *Psychology Today* ran a series of articles about ***Psychic Intuition***.

About the Author: an attorney specializing in securities litigation, Nancy du Tertre is became a trained psychic detective, spiritual medium, medical intuitive, and paranormal investigator.

A magna cum laude graduate of Princeton University, du Tertre is a frequent media guest, including a weekly spot on the KAHN Radio news segment in Sacramento, California. She also hosts her own radio show – “Hot Leads Cold Cases” – on Para-X and CBS Radio--interviewing such guests as astrophysicist and NOVA TV host, Dr. Neil deGrasse Tyson; FBI forensic toxicologist John Trestrail; and Christopher Robinson, a Scotland Yard investigator.

“Nancy du Tertre is breaking new ground as she confirms the importance of psychic intuition through interdisciplinary fields. She is on the edge of new thought as she helps us move ahead in the evolution of humankind.”

—Severyn Bruyn, Professor Emeritus, Boston College
