# *Alien intelligence in our society And in the Global Consciousness?*

---

**San Francisco, CA (August 19, 2013)** -- From two of the world's most prominent experts on crop circles and UFOs comes their latest book, *On the Edge of Reality: Hidden Technology, Powers of the Mind, Quantum Physics, Paranormal Phenomena, Orbs, UFOs, Harmonic Transmissions, and Crop Circles*. Popular authors Colin Andrews and Synthia Andrews are presenting new, witnessed evidence of an alien intelligence that is establishing a presence in the a global consciousness and endeavoring to make societal connections.

Best known for his research into crop circle and UFO subjects for three decades, Colin Andrews introduces new research findings of an intelligence that is interacting with both crop circle researchers and with many of the people who produce the hoaxes. In *On the Edge of Reality*, he and his co-author lay out some startling, mind-stretching new concepts that are challenging current reality and science. Among their many conclusions, facts and testimonies:

- \* *Parallel cases of inexplicable exchanges between lights in the sky and crop circles*
- \* *Strange sounds in the sky heard and recorded around the world*
- \* *Photographic orbs of light*
- \* *Norway Spiral, a rotating spiral of light seen by hundreds in 2009*
- \* *Unexplained RADAR interference patterns*

The Andrews believe the intelligence is challenging people to a higher level of consciousness, a belief that is shared by some native elders and that is supported by the 2012 Mayan Prophecy, a subject addressed in depth in their recent bestseller, *The Complete Idiot's Guide to 2012*.

An electrical engineer by profession, Colin Andrews coined the term "crop circle," founded the first research organization, Circles Phenomenon Research, and compiled the largest database in the world on the subject. He is also responsible for discovering the correlation between patterns of RADAR interference and weather conditions in Australia, where weather modification projects are underway.
