

Opening the Secret Files of the U.S. Government: New Exposé From Notorious Investigator

San Francisco, CA (October 23, 2013) — One the world's most sought-after speakers and media spokespersons on the subject of government conspiracies, hidden files and classified information, Nick Redfern is once again electrifying his vast readership with a new book, *For Nobody's Eyes Only: Missing Government Files and Hidden Archives That Document the Truth Behind the Most Enduring Conspiracy Theories*.

It's well known that U.S. government agencies have, under duress, declassified millions of pages of documents in recent months. Yet, more unreleased files are suspiciously "missing" or inaccessible, as are mountains of stop-secret papers that various agencies admit do exist but are kept hidden from public view.

In his latest blockbuster, *For Nobody's Eyes Only*, Redfern lays out new information that appears nowhere else:

- The conspiracy-filled story of the buried files and photos documenting
- the legendary Roswell UFO crash of 1947
- The truth about the secret records of the JFK assassination
- Sensational and missing data behind the Watergate scandal
- Mysteriously vanished documents on the CIA's controversial "mind-control" operation, Project MKUltra
- The scandalous process of how documents are labeled "classified" and "top secret," who gets to see them and who doesn't

How the author gets access, no one really knows—for decades, he has been notorious for unearthing impossibly buried documents right from under the noses of government guardians. In this shocking new exposé, Redfern picks the locks to secret vaults "they" don't want citizens to see.

Some of the biggest conspiracies of all time would never surface without Nick Redfern's intrepid investigations. He has appeared on more than 100 radio and TV programs, from the BBC to Fox News, MSNBC and National Geographic, talking about a wide range of unsolved mysteries, including Bigfoot, UFOs, the Loch Ness Monster, alien encounters, and the covert activities of the U.S. Government.

About the Author
