Popular Magickal Arts Practitioner Outlines System for Manifesting Goals

“Dragonflame presents esoteric concepts in straightforward, lucid, comprehensible language. Highly recommended!”

— JUDIKA ILLES, author of *The Encyclopedia of 5,000 Spells*

San Francisco, CA (March 23, 2014) — The revelation of a new and powerful philosophical system is the rare treasure to be discovered in the new book, *Dragonflame: Tap Into Your Reservoir of Power Using Talismans, Manifestation, and Visualization*. By Lawren Leo, a noted expert on esoteric philosophy and the practice of magickal arts, the book develops a unique formula for achieving spiritual transformation and manifesting one’s desires.

Anyone interested in the Holy Grail, the Philosopher’s Stone, The Secret and the law of attraction (and who isn’t?) will be drawn to *Dragonflame* for the insightful meditations and visualizations, the exercises and the rituals. In an understandable and reader-friendly way, detailed instructions are tailored to beginners and to advanced practitioners of the magickal arts, so that both achieve metaphysical transformation. The fascinating exercises are motivational, written with the intent of empowerment.

Based on a new and entirely unique formula, *Dragonflame* teaches readers to:

- Create talismans with which to control personal power
- Find and manifest deepest dreams and desires
- Discover new paths for magickal and spiritual development
- Make magick work in a karmically correct fashion

Two deeply guarded occult secrets are revealed in Dragonflame: The key to controlling individual destiny and the key to the Philosopher’s Stone! Also in this book, and only here, are potent, original spells and chants, and tarot and alchemical explanations. By creating talismans for concentration and empowerment, and with visualizations to work through trauma, and positive affirmations, *Dragonflame* is a “crossover” book into the self-help and philosophy genres.

Leo said, “My mission, to help others with divination, is constantly evolving through my work in self-realization and guidance. Intended to heal, illuminate, and affirm, my

readings embody the science of divination derived from the tarot, playing cards, astrology, and my spiritual gift, psychic ability. I am a firm believer that everything we need and desire to know already exists in our inner and outer universe; we simply need to listen.”
