## Commune with the Divine

By Barbara Y. Martin and Dimitri Moraitis

(785 words)

All seekers of truth yearn for the mystical experience. In search of this experience of eternity we travel down many roads. The artist searches for this mystical union in the ecstasy of creation, the scientist in the throes of a new discovery, the lover in the rapture of the beloved, the parent in the tenderness of the child. In the midst of your search, the very divine presence you seek is already with you. It is in you, surrounds you—it loves, guides, and inspires you.

In this remarkable journey, you do not walk alone. Working with you in every facet of your life is your indispensable partner to success—the spiritual hierarchy. Many think of the hierarchy in terms of angels and archangels. As extraordinary as these Holy Ones are, they are part of a larger network of celestial beings known as the spiritual hierarchy.

Whether on a grand scale or in moments of intimate inspiration, you have always had a special connection to the divine. You are not meant to walk blindly through life without understanding. God has given you the tools to operate with full awareness and spiritual knowing, but you have to build this awareness through the way you live your life.

Today, with the material scientific perspective, some look at the subject of the spiritual hierarchy as outdated myths or folktales. To them, angels and archangels are not relevant or a worthy subject for the modern mind. Yet this is the furthest thing from the truth. As we better understand the physical world we live in, it becomes even more essential to understand the spiritual roots that support and sustain our physical life.

The spiritual hierarchy is the administrator of God's divine plan. They are responsible for carrying out the various duties of creation. This holy order ranges from advanced souls in the human kingdom to glorious angels, archangels, and planetary leaders. These Holy Ones have been on the spiritual path for a long time, many for eons, and have evolved enormously. They work to uplift humanity and form the evolutionary link connecting us to God.

These exalted beings work on different levels of unfoldment, which is why it's called a hierarchy, yet all work in perfect harmony with one another. Together, they form the

evolutionary chain that links all life from the simplest amoeba to the most radiant archangel.

*The spiritual hierarchy IS your pathway to God.* They are the means through which you achieve your life's purpose and reach your highest spiritual potential. You can't get there without them.

Let it be said that seeing celestial beings is by no means a prerequisite to working with them. These divine ones are intimately aware of you. In many ways, they know you better than you know yourself. They know your purpose, your strengths and weaknesses, and what you are capable of. They are doing all they can to get closer to you and help you fulfill your purpose. As you learn to work in greater harmony with the divine ones, your life becomes more beautiful and fulfilling. And such a relationship eventually leads to the great mystical union.

One of the most essential ways you will work with the Holy Ones is by calling on Divine Light. The Holy Ones are responsible for sending spiritual energy to humanity. Each of us has an auric field. Your aura is the individual expression of the universal life force. Every day, you build up or diminish the power of your aura through the way you live your life. And each day, the Holy Ones bless you with Divine Light.

Through meditation, you can call on the light directly and this brings you closer to the Holy Ones. So by including the Holy Ones in your light meditation, you can greatly enhance your aura and connection to the celestial beings. Working with spiritual energy and the hierarchy is one of most beautiful ways of communing with the divine.
