Are there 10,000-year-old secret societies that still exist today? Was there a race of giants that once inhabited the Americas? Did ancient Egypt and ancient China have heretofore undiscovered ties?

Lost Secrets of the Gods delves into these ancient mysteries and many more in articles by some of the world's most intrepid and knowledgeable researchers. The old paradigms of history are being radically transformed as we discover more evidence of little-known cultures and what they achieved.

Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies. Who were they, and where did they come from? And, other ancient cultures had advanced knowledge of science, agriculture, and astronomy, only some of which has been rediscovered in the last 100 years.

There is much more to history than what has officially been recorded. *Lost Secrets of the Gods* reveals startling truths and asks fascinating questions traditional historians have long ignored.

About the Editors:

Michael Pye has acquired hundreds of books as acquisitions editor for New Page Books since 2003. He developed a healthy appetite for the unexplained by watching far too many episodes of *In Search Of* hosted by Leonard Nimoy, which turned him into a reader of books on the strange and unexplained. He earned a BA in English from Southern Connecticut State University.

Kirsten Dalley graduated with honors from Columbia University in 1999 with a BA in comparative literature. Coauthor of *The Nightmare Encyclopedia*, she has been with Career Press/New Page Books since 2004. Together Michael and Kirsten have edited the anthology series *Exposed, Uncovered, and Declassified*, which includes separate volumes covering UFOs, Ghosts, and Lost Civilizations.
