RESCUE FROM TODAY'S GLOBAL UPHEAVAL

A New Guide from International Teacher Imre Vallyon

"Imre's teachings bridge the ancient esoteric traditions of both Eastern and Western mysteries and cloaks his essential teachings in a modern form . . . for the present generation and future generations for the next 250 years a modern, a sure path of spiritual enlightenment."

San Francisco, CA (August 1, 2014) — A ground-breaking new publication from the internationally known author and spiritual teacher Imre Vallyon, *The New Heaven and the New Earth* is an urgent, timely guide to understanding and confronting today's cataclysmic natural disasters, global divisions and alarming cosmic forces. This is the latest in his prolific series of books that are published in many countries, and a valuable resource for those who are not able to attend his international workshops and retreats.

The New Heaven and the New Earth explains esoteric history as based on the inner knowledge and teachings of yogis, Sufis, mystics and saints of all religions and of Vallyon himself, who was born with higher consciousness. He explains visible and invisible energies, and why the visible is currently manifesting in earthquakes, tidal waves, volcanic eruptions and worldwide discontent. Among the myriad teachings presented:

- Rebellion of the angels, a war in heaven
- Spiritual hierarchies, the forces of light
- Natural disasters and cosmic influences
- Materialism and science, faith-based and knowledge-based systems
- Astrological effects on countries and politics
- Supernatural evolution, the secret of death

Beyond the author's profound teachings, *The New Heaven and the New Earth* also includes copious meditations and practices for the reader—a virtual training in Esoteric Science. It spans the full spectrum of human experience: reaching through time to illuminate the great spiritual teachings and sacred languages of our planetary history while pointing the way to the future.

The author said, "Look at all the things that are happening in the world now: people marching and protesting without the slightest understanding that they are being influenced and manipulated by invisible forces, without understanding the larger picture of what is happening on this planet."

About the Author: For most of his life, Imre Vallyon has been teaching wisdom science through his writings, workshops and retreats. He is the founder of the Foundation for Higher Learning, an international Spiritual School offering the opportunity to practice spiritual awakening in a group environment, with the goal of self-realization and planetary transformation. Vallyon is the author of:
