

ABOUT THE AUTHOR

Jason Miller

When Jason Miller was five he had one of those weird experiences. The kind that feels like a glimpse behind the curtain of a play, the rigging and boards behind the set. He was never able to shake that feeling that there was more to our minds and our lives than was being taught.

As a teenager he started trying to peek behind that veil again, and studied everything he could find on magic, mysticism, and the occult. Though he lived in suburban New Jersey, providence provided for his studies and he made contact with a Ceremonial Magician, a Rootworker, a Witch, and a Tantric Lama all before the age of 21. He found those glimpses behind the veil he was looking for, and learned how to make use of what those teachings to make a better life and a better mind.

For over a decade he studied both High Ceremonial Magic and the folk magic techniques of Rootwork and Witchcraft. Miller found that together, each approach strengthened the other making for a style of Sorcery that could be streamlined for the modern world, and be startlingly effective.

Wanting to plunge deeper still, he did what all his childhood mystical heroes like Dr Strange, Mandrake, The Shadow, and Dr Doom did: he moved to the Himalayas. It was in Nepal that he underwent the initiations he would need to do Sorcery the way that he knew it could be done--a practice that integrates the very best training for developing the body, mind, and spirit with occult secrets of both the east and west.

Jason Miller is the author of *Protection and Reversal Magick*, *The Sorcerer's Secrets*, and *Financial Sorcery*. He also runs the Strategic Sorcery Training Course and Strategic Sorcery Blog. He lives with his wife and children in the New Jersey Pine Barrens, where he practices and teaches magic. His popular blog can be found at <http://www.strategicsorcery.net/blog/>
