

INTERVIEW QUESTIONS

Sky People

By Dr. Ardy Sixkiller Clarke

1. What prompted you to spend over 7 years conducting UFO research in Mesoamerica?
2. In collecting your stories, were there any barriers you encountered and how were those resolved?
3. Did you encounter differences in the openness of the people to discuss their encounters with UFOs? Were there differences among the responses in the four different countries?
4. Did you find any similarities and/or differences between the encounters of indigenous people of the US and those of Mesoamerica?
5. Do you believe in the ancient astronaut theory?
6. How do the Maya react to the ancient astronaut theory?
7. What is your favorite encounter in the book?
8. Who was the most memorable character you met?
9. Do you believe the Maya civilization was founded by an alien race?
10. What sets the Maya apart from other ethnic groups you interviewed?
11. Were there striking differences among American Indians in the US and Amerindians in Mesoamerica in relation to their encounters?
