

MIRACLES, VISITATIONS, SPIRITUAL ENCOUNTERS

In a New Book of Astounding, Light-filled Stories

San Francisco, CA (January 1, 2015) — True-life accounts of spiritual episodes, near-death experiences, unexplainable happenings and healings are collected in Keidi Keating's new book, *Experiences From the Light: Ordinary People's Extraordinary Experiences of Transformation, Miracles, and Spiritual Awakening*.

Not only fascinating reading, these more than fifty light-filled stories teach readers how to have faith in the outcome of difficult situations, even in a world that may seem to be falling apart. Observing and absorbing more discord, catastrophe and turmoil than ever before, each of us seeks a light in our lives. Keating's compendium of heart-warming and enriching stories remind us where to look for the hopeful signs that the universe provides, and awakens us to new, bright possibilities.

Experiences From the Light: Ordinary People's Extraordinary Experiences of Transformation, Miracles, and Spiritual Awakening astounds, heartens and teaches through inspiring, actual occurrences such as:

- A woman's account of how she came close to death, and her extraordinary after-math visitations by masters, angels, monks, and Biblical figures.
- One person's out-of-body experience walking up a staircase to a doorway of light as her grandmother crossed to the other side.
- A man's illness instantly healed after he crossed into the light. Years of pain and suffering vanished in an instant, and his symptoms did not return.

The author said, "*The universe takes things away with one hand and gives us far more than we ever imagined possible with the other.*"

Experiences From the Light is Keating's second title in The Light series, part of her grand vision to provide spiritual education for children. She speaks at events throughout the world, and she continues to write books that empower people to awaken their divine inner light.
