The Evolutionary Testament of Co-Creation

By Barbara Marx Hubbard

"In The Evolutionary Testament of Co-Creation, visionary futurist Barbara Marx Hubbard elaborates an evolutionary perspective on Christ consciousness . . . This book will resonate with followers of her ideas—and may also build a bridge between the New Age spirituality movement and Christian fundamentalists with its inspired interpretations of scriptural passages."

—DANIEL PINCHBECK, author of *Breaking Open The Head: A Psychedelic Journey Into the Heart of Contemporary Shamanism*, and co-founder of the Evolver Network

Barbara Marx Hubbard's extraordinary book offers an evolutionary, future-oriented perspective to the Gospels of Jesus Christ. Barbara reveals that many of the miracles Jesus performed are actually similar to those acts that we currently aspire to achieve today, but so often without consciousness of Christ love. This book builds on the great themes in the New Testament, such as Jesus' statement: "You will do the works that I do, and greater works will you do in the fullness of time..." and St. Paul: "Behold I show you a mystery, we shall not all sleep, we shall all be changed..."

These statements are coming true. The Promise is being kept. We are all being changed. We do have the power of what we called gods. We can destroy the world and we also can restore the Earth, evolve ourselves and all of society. This is the last trump, and the trumpet is sounding for our generation.

The Evolutionary Testament invites us to form Evolutionary Bible Study Groups to join together to consider and deepen the guidance for the meaning of our new Christ like powers to be used for a positive future for all Earth life.
