

INTERVIEW QUESTIONS

How to Talk to an Alien

By Nancy du Tertre

1. Why is it relevant or important to want to learn how to talk to an alien?
2. Have there been any official attempts to communicate with extraterrestrials?
3. Do aliens communicate by means of vocalized sounds or telepathy?
4. How many languages do aliens speak?
5. Do aliens speak in alien language or human language?
6. Do aliens speak with an accent?
7. What does an accent tell us about the existence of aliens?
8. Is it possible to have a two-way communication with an alien?
9. What can we learn about aliens by studying their speech?
10. Are there actual artifacts with written alien language on them?
11. What other types of written alien samples exist?
12. Many people claim to receive mental “downloads” of alien conversations and some claim to channel alien conversations like a medium channels the speech of the dead. Are these legitimate examples of alien speech?
13. What clues would you look for in order to authenticate legitimate channeled alien speech or writing?
14. What messages are aliens telling us?
15. Do we need to evolve spiritually and psychically in order to fully appreciate and understand alien languages?
