

About the Author

Klaire D. Roy

Klaire D. Roy is director of The Medicine Buddha Mandala Institute, a nurse, and an esteemed author and speaker. She has dedicated herself to the study of spirituality for over 30 years and her search has led her to Simhananda who became her spiritual teacher.

Her writings were first published in 1995, with subjects ranging from quartztherapy and lithotherapy, to the spiritual path, the Instructor-disciple relationship and the new tantrism. These themes are well received at her numerous conferences, mostly in Canada and in France.

In 2005, she co-founded The Medicine Buddha Mandala Institute in order to promote lithotherapy, a holistic therapy that utilizes crystals and stones as a means for healing and transformation. Ms. Roy shares her knowledge by actively participating in the training of new lithotherapists and by directing the writings of *The Group of 5* (a group of dedicated therapists specializing in the treatment with stones and crystals, who have shared their experience and knowledge through books and workshops). She is the pioneer of a new approach to treating with quartz which is presented in her new publication *Quartztherapy* (available in English, Fall 2016).

Klaire D. Roy is also the amanuensis of the occult thought flow of the Master Djwhal Khul (D.K.), also known as The Tibetan, first known by the writings of Alice A. Bailey and Helena P. Blavatsky in the late 1800s and early 1900s. In service to humanity, the *Circle of Initiates – Past and Present* is a continuation of these transmissions. She has previously published three volumes of the most recent teachings of D.K., which reveal a revolutionary vision of a New Tantrism. In the future, more books are to be published under D.K.'s inspiration.

Master Djwhal Khul (D.K.), also known as The Tibetan

In *The Circle of Initiates - Past and Present*, Klaire D. Roy presents the teachings of Master Djwhal Khul.

“Suffice it for you to know that I am of Tibetan origin and that my teachings aim to be more occult than mystical, since my work consists of awakening mankind so that he may become the bearer of his divine aspect. Mankind is not meant to live in ignorance. He is meant to become a conscious Light evolving within the cosmic plan of our planet. My task therefore, consists in transmitting to mankind the teachings that will allow him to become a free being, conscious of who he is and of what he is being called upon to become.”
