## Christine Day

Christine Day was born in Australia. She had a traumatic childhood involving cult ritual abuse. By the age of 31 she was suffering from advanced Systemic Lupus and given a short time to live. At this time she had a spiritual awakening with the Pleiadians, and from the energy of this awakening was able to move into a place of self healing. She has been symptom free for the last twenty five years.

Christine Day is a spiritual teacher, healer and channeler, she has been working with the Pleiadians and initiating people with this awakening energy for the last 20 years. She has been working throughout the United States and internationally for the last fifteen years.

Her work expanded so quickly in the world that she had to establish main centers from where she would teach her work. Christine has her work based in the USA, Belgium, Argentina and Brazil.  Her students come from England, Ireland, Germany, Italy, France, Scotland, Israel, Taiwan, Canada and Holland. They come to these centers for further levels of initiation from this work, "Frequencies of Brilliance". The Pleiadians have channeled 14 levels of the Frequencies of Brilliance initiations to Christine to date.

Christine's students become Practitioners of this work, which is a powerful healing modality. She has also initiated and certified teachers who are traveling and teaching in other areas of the world such as Mexico, Israel, Canada and Spain.

She is sometimes referred to as an ambassador for the Pleiadians, and has been transmitting the Self Healing Prophecy energy from the Pleiadians since November 2008.

Christine Day currently lives in Minneapolis, Minnesota.  In 2009 she opened up her own web-casting show, a one-and-a-half hour broadcast going world wide from Las Vegas, Nevada. The broadcasts are held every second month.

Her book "Pleiadian Initiations of light" is being published February 2010.
