

DANCING WITH THE MIDWIVES

by Ann Faison

Book Summary

Dancing with the Midwives: A Memoir of Art and Grief is an engaging little book about a mother grieving her child who died *in utero*. Unlike most books about grief, it offers a unique perspective that art and healing go together.

Grief is something we all face in our lives. The loss of someone close is a shock and many do not know how to face major life losses. *Dancing with the Midwives* takes a creative approach to healing that is both enjoyable and inspiring.
