## *Story Angles*

### **Headline: The Men in Black: Time-Travelers?**

#### **Sub-Headline: Black to the Future**

**Paragraph:** For decades, there has been a firm belief that the mysterious Men in Black who terrorize UFO witnesses are either secret-agents of the government, or, incredibly, aliens themselves. But these are not the only theories that exist to explain their dark presence. Amazing testimony and analysis suggests that the MIB may very possibly be time-travelers. Their role: to hide the fact that UFOs are not from outer-space, but are from a distant future, right here on Earth!

### **Headline: The Men in Black and the Government**

#### **Sub-Headline: Secret Files on the MIB**

**Paragraph:** Amazing, official government files tell of fantastic and ominous encounters with the sinister Men in Black, of attempts by U.S. Air Force agents to track them down, and of the deep interest in the MIB on the part of none other than legendary FBI chief, J. Edgar Hoover. The Government knows the Men in Black exist, their very own secret archives prove it, and they will do all they can to keep you in the dark about these mysterious, dark-suited figures.

### **Headline: Silencing the Saucer-Watchers**

#### **Sub-Headline: Men in Black Terror**

**Paragraph:** As far back the early-1950s, the Men in Black were striking fear into the hearts and the minds of UFO researchers and witnesses all across the globe. From the United States to Australia, and from England to Mexico, no-one is safe from the wrath of the MIB. If you have had a close encounter of the UFO kind, and late one dark and stormy night, you hear a slow knocking upon your front-door, beware: the Men in Black may be coming for you...
