

ABOUT THE AUTHOR

Stanton T. Friedman

Nuclear physicist-lecturer Stanton T. Friedman received his B.Sc. and M.Sc. degrees in Physics from the University of Chicago 1955 and 1956. He was employed for 14 years as a nuclear physicist by such companies as GE, GM, Westinghouse, TRW systems, Aerojet General Nucleonics, and McDonnell-Douglas working on such highly advanced, classified, eventually cancelled programs as nuclear aircraft, fission and fusion rockets, and various compact nuclear power-plants for space and terrestrial applications

He became interested in UFOs in 1958, and has lectured about them at more than 600 colleges and over 100 professional groups in all 50 states, 9 Canadian provinces and 16 other countries, in addition to various nuclear consulting efforts. He has published more than 90 UFO papers and has appeared on hundreds of radio and television programs, including on Larry King in 2007 and twice in 2008, and many documentaries. He is the original civilian investigator of the Roswell Incident and coauthored *Crash at Corona: The Definitive Study of the Roswell Incident. TOP SECRET/MAJIC*, his controversial book about the Majestic 12 group, established in 1947 to deal with alien technology, was published in 1996 and went through six printings. An expanded new edition was published in 2005. Stan was presented with a Lifetime UFO Achievement Award in Leeds, England, in 2002, by *UFO Magazine* of the UK. He is coauthor with Kathleen Marden (Betty Hill's niece), of a book in 2007: *Captured! The Betty and Barney Hill UFO Experience*. The City of Fredericton, New Brunswick, declared August 27, 2007, Stanton Friedman Day. His new book *Flying Saucers and Science* was published in June 2008 and is in its 4th printing.

He has provided written testimony to Congressional hearings, appeared twice at the UN, and been a pioneer in many aspects of ufology, including Roswell, Majestic 12, the Betty Hill-Marjorie Fish star map work, analysis of the Delphos, Kansas, physical trace case, crashed saucers, flying saucer technology, and the challenges to S.E.T.I. (Silly Effort To Investigate) cultists. He has spoken at more MUFON Symposia than anyone else.

Stanton T. Friedman is a dual citizen of the United States and Canada, and lives at 79 Pembroke Crescent, Fredericton, NB Canada E3B2V1, 506-457-0232. fsphys@rogers.com
