### *Hidden Secrets of the Holy Trinity: The Power of Three throughout History, Legend and Modern Science*

---

**San Francisco, CA (January 1, 2010)** -- "*In the name of the Father, the Son, and the Holy Spirit.*" This simple statement of the Holy Trinity is heard and spoken by millions of Christians every day. And yet, what if the Trinity held within it a code, a formula, a secret so simple, yet so powerful, that it could change the way we look at our relationship with the Creator and with creation itself?

In their new book, *The Trinity Secret: The Power of Three and the Code of Creation*, bestselling co-authors, Marie D. Jones and Larry Flaxman, present years of research that began with their discovery that the concept of a trinity or triune nature occurs in every religion. The authors also found the trinity in mythology, in stories from the beginning of recorded history, in folklore, nursery rhymes and in classic and modern psychology, and even in neurophysiology and the study of the human brain.

Perhaps most amazing of all, the authors found trinities in the world of serious science, particularly quantum physics and the cutting edge world of Noetics and research into the mind, consciousness and the energetic power of thought and intention in creating manifest reality.

Jones and Flaxman found the Trinity everywhere . . . hidden in stories and myths, symbols and archetypes, doctrine and orthodoxy. In *The Trinity Secret*, with compelling stories and scientific evidence, they reveal the power of three and unlock the code behind the creative force of the universe, a force that everyone can access. Just a few of the dozens of famous trinities explored in *The Trinity Secret*:

- Father-Son-Holy Spirit
- Unconscious-Conscious-Superconscious
- Earth-Hell-Heaven
- Maiden-Mother-Crone
