

UFOs & ALIENS

by Marie D. Jones & Larry Flaxman

CHAPTER SUMMARY

When is a UFO not a UFO? Best selling authors **Marie D. Jones** and **Larry Flaxman** ask that very question as they examine the various potential alternative explanations for unidentified flying objects in "Identity Crisis: When Is A UFO Not A UFO?" From natural atmospheric phenomena and classified military prototypes to interdimensional time travelers and holographic projections, to constructs of the collective unconscious and hallucinogenic-driven visions, Jones and Flaxman explore the more "out-there" theories that prove there is a lot more to the UFO enigma than just the basic nuts and bolts spaceships from another planet.
