

INTERVIEW QUESTIONS

A.D. After Disclosure

by Bryce Zabel and Richard M. Dolan

- How would Disclosure happen? Will the President make an announcement?
- Are you predicting panic, like *War of the Worlds*?
- Why hasn't Disclosure happened before if this phenomenon is real?
- What do you think will cause Disclosure — will it be some kind of major event, or a long-time policy of secrecy being evaluated?
- You're a former CNN correspondent and a TV Academy chairman. Isn't this issue a little far afield for you?
- You created a TV series called "Dark Skies" on NBC about the UFO cover-up in the 1960s. Do you really think this has been going on all this time?
- How could there be a secret this big held for this long? Everyone knows nobody can keep a secret.
- You've said that the decade after Disclosure will be the closest thing we've ever experienced since the 1960s. Why do you say that?
- You prefer to call the visitors The Others rather than aliens. Why?
- What do they want and why are they here?
- Are we safe or are we in danger?
