

A NOTED PSYCHIC LIGHTS THE PATH

Lightworkers Can Discover Their Gifts to Heal and Inspire Others

San Francisco, CA (December 22, 2012) — Wouldn't we all like to discover a magical power that would allow us to create the lives we've always dreamed of, while at the same time seeking a higher purpose? Well-known psychic and media host, Sahvanna Arienta, provides an inspiring pathway in her second book, *The Lightworker's Source: An Enlightening guide to Awaken the Power Within*. She writes, "If you are a Lightworker you may be going through life with a constant urge to embrace a higher purpose. You know you have a calling but you don't yet know what it is or how to go about finding it."

Lightworkers are those who lend their light energy to an Earth heavy with fear and negativity. They are ordinary people, musicians and artists, shopkeepers, accountants, stay-at-home moms, and people you pass on the street. They share their gifts by speaking out for those who have no voice and they create glorious works of art or write music that elevates our spirits.

Could you be a Lightworker, and do you recognize them? Many live among us, unaware of who they really are, having forgotten their divine purpose. One thing is certain—the Earth and her inhabitants are more in need of these enlightened beings than ever before.

Distilling her decades of experience and enlightenment as a practicing psychic medium and an intuitive advisor to clientele from around the globe, Arienta leads her readers to understand:

- The true origin of their soul and their unique gifts
- How anxiety, depression and addiction can be symptomatic of a highly acute nature
- Sensitivities as extrasensory perceptions
- How to combine past, present and future to create the Now

- Living a heart-centered life
- Dreams as a gateway to the other side
- Telepathy as connection

The Lightworker's Source: An Enlightening Guide to Awaken the Power Within is destined to change the way many people view their lives—they will come to know their authentic selves and find meaning in their true destinies.
