Blazes an Organic Path to Enlightenment***

"Kramer has packed this book with tools and ideas to help clear a path for anyone interested in personal empowerment and the deeper meaning behind our everyday lives. So many interconnected avenues are explored such as magic, mythology, philosophy, religion, politics and emotions--all of it connects back to the individual."

San Francisco, CA (May 22, 2012) -- Drawing on a lifetime of spiritual encounters and study, the renowned philosopher, speaker and teacher, Neil Kramer, has brought together metaphysics, mysticism, and esoteric knowledge in his new book, *The Unfoldment: The Organic Path to Clarity, Power, and Transformation*.

Long awaited by his devoted students and media followers, the teachings and insights that Kramer presents in his popular workshops and seminars are all in this one inspirational work, with hands-on tools for life-long transformation and enlightenment.

The Unfoldment fuses profound spiritual philosophy with dynamic, hands-on, practical application, specifically designed to help readers:

- *Claim their personal power and create lives of authenticity and fulfillment*
- *Dissolve illusions and re-pattern old wiring, old systems of control*
- *Master emotional alchemy, transform pain and embrace flow*
- *Unveil the secret teachings and hidden histories of our ancient ancestors*
- *Understand the intimate relationship between light and shadow, male and female, creation and destruction*

The Unfoldment presents an elegant system of spiritual practice that puts real power and magic into the hands of those who seek a new awakening. A renowned figure in the consciousness and alternative communities, the author has, at long last, distilled his insights and lessons into a guided path to spiritual enlightenment.
